

NEW HARBOR LINE DRAWN.

From Sandy Hook to Rockaway—Seamen's Act Not in Force in Limits.

WASHINGTON, May 17.—Most of New York's excursion steamers and ferryboats will escape certain provisions of the Seamen's act under a definition

to-day of the city's harbor limits approved by Secretary Redfield. The harbor line, as designated to-day, extends from the lower end of Sandy Hook to the middle of Rockaway Beach, which takes within the harbor virtually all the Jersey ferries, Coney Island and other beaches on lower Long Island. The line eastward to Long Island Sound extends from Easton's Point to Peck's Ledge, taking in Stamford and Norwalk, Conn., and Oyster Bay, L. I.

A year entwined in history with the luscious grapes discovered by Sir Walter Raleigh and from which is vinted Virginia Dare Wine—named after the first white child born in America.

DRINK VIRGINIA DARE WINE

and you have the satisfaction of rare flavor, combined with the confidence that it represents purity and quality supreme.

MOOSE PLATFORM WILL KEEP CLOSE TO G. O. P.'S IDEAS

Will Have a Lot About Preparedness, but Nothing of Referendum and Recall.

NET FOR DELEGATES

Emissaries Sent Among Republicans to Get Convention Votes for Colonel.

Col. Roosevelt's visit to town to-day produced some new phases of the confused Republican-Progressive political situation. Party platforms took precedence for the time being over candidates. In private talks with friends the Colonel emphasized the necessity of platforms written "right."

It became evident during the day that the Progressive platform of 1916 is going to be considerably different from that of 1912. Americanism, preparedness, both industrial and military, national defense and national honor are to take the first place this year away from previous declarations for social justice, human rights and initiative and referendum.

The once paramount doctrine of initiative and referendum is no longer a vital Progressive principle. It is now merely a "method." There is to be nothing in the Progressive principles of 1916 that cannot be accepted by regular Republicans and written into their platform.

In his speech to be delivered at Detroit Friday Colonel Roosevelt will emphasize the leading points of the new Progressive doctrine, laying special stress upon the necessity of industrial preparedness for national defense and will point out how great is the time required to mobilize factories and workmen and to manufacture equipment.

The Colonel declined to comment to-day upon President Wilson's Press Club speech or upon Vermont and Pennsylvania primary results. But he was aroused by the Senate's rejection of the nomination of George Rublee, of New Hampshire, for member of the Federal Trade Commission because Senator Gallinger objected.

"I am genuinely sorry," he said, "that Mr. Rublee has been rejected by the Senate. There could have been no better man for the position than he. It is a real public loss that he has not been confirmed."

Asked whether he felt the same about the holding up of Mr. Brandeis's nomination for Supreme Court, the Colonel declined to comment. Full steam has been turned into the Progressive political machine to corral Republican delegates for Col. Roosevelt in all parts of the country. Many men of prominence have been drafted into a secret service organization for this work, stimulated by both enthusiasm and unlimited cash. Neither names nor figures are being made public just at present, but there is an atmosphere of confidence about Bull Moose headquarters and the Colonel to-day was in finest fettle of health and fighting form.

Two delegate hunters came in to-day to report. They were George von Lengerke Meyer of Boston, former Secretary of the Navy, and J. Mayhew Wainwright of Westchester, former State Senator, and Hughes, Republican.

The Roosevelt Non-Partisan League reported to the Colonel 3,000 enrollments and \$10,000 in contributions within three days, at which the Colonel exclaimed "Bully!"

It was remarked by political observers that the new importance attached to platform above candidates was a favorable sign for coming deals and dickers over candidates between regular Republicans and Progressives at Chicago. Intimation already has been given by the Old Guard that they see no objection to including the Colonel's Americanism and preparedness propaganda in the Republican platform, as long as there is no initiative and referendum plank. The Colonel is understood to be willing to sidetrack the latter issue if he can dictate the aggressive part of the platform.

LI YUAN HUNG Elected.
WASHINGTON, May 17.—The State Department to-day received cabled confirmation of the election of Li Yuan Hung, Vice President of China, as President of the four seceding provinces of China.

Digestive Troubles

cause headache, biliousness, constipation, impure blood and other unpleasant symptoms. If these troubles are neglected they weaken the body and open the way for serious illness. Many chronic diseases may be traced back to indigestion that could have been immediately

relieved by

Beecham's Pills. This well-known home remedy has proven itself dependable, safe and speedy during sixty years' use. The fame of having a larger sale than any other medicine in the world proves the dependable, remedial value of

BOYS ADMIT BURGLARY.

Police Recover Stolen Jewelry Worth \$3,000.
The bragging of three boys proud of a successful burglary led to their arrest to-day and the recovery of \$3,000 worth of stolen jewelry. The boys are John McDonald, eleven years old, of No. 344 First Avenue; Thomas Mann, eleven, of the same address, and Frank Castner, twelve, of No. 351 First Avenue. They were arrested by Detectives Brenick and Murphy.

The boys took the jewelry, consisting of rings and pins, from the apartment of Mrs. Valentine Kolb of No. 316 Second Avenue, May 8. They told the detectives they sold it for \$1 to Andrew Ottolario, owner of a bicycle store at No. 341 East Fourth Street. Ottolario admitted buying the jewelry, said he did not know their value, and returned them to the police. He was arrested, however, and charged with receiving stolen goods.

ENDS HIS LIFE IN HOTEL.

Suicide Leaves Note Telling of Many Futile Attempts.

A man who signed the name of Frank R. Torrey is a man explaining his suicide, but who registered last night in the Stratford Hotel at No. 256 Fulton Street, Brooklyn, as "Charles Brown," was found dead in his room to-day with a revolver bullet in his heart. A bag of hair-mat's tools lay beside the bed. It should have been out of the way four months ago," he wrote. "The little girl who said me the gun was not to blame, but the damn gun missed five times. If you want it it can be found in room 256, No. 76 Fulton Street, behind the bed. I have tried this gun. I am in hard luck. Two cartridges fell out and I lost my nerve, but I will try again later. I am not crazy or a damn fool. I have had my time and I am glad to be out of the way."

Torrey wrote he had been partly paralyzed and could not support himself. He left his tools to Robert Traylor of No. 94 Rerum Place, Brooklyn.

GOOD WORK FOR SICK WOMEN

The Woman's Medicine Has Proved Its Worth.

When Lydia E. Pinkham's remedies were first introduced, their curative powers were doubted and had to be proved. But the proof came, and gradually the use of them spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from the use of these medicines, their value has become generally recognized, and Lydia E. Pinkham's Vegetable Compound is the standard medicine for women.

The following letter is only one of the thousands on file in the Pinkham office, at Lynn, Mass., proving that Lydia E. Pinkham's Vegetable Compound is an article of great merit, as shown by the results it produces.

Anamosa, Iowa.—"When I began taking Lydia E. Pinkham's Vegetable Compound I suffered with a displacement, and my system was in a general run-down condition. I would have the headache for a week and my back would ache so bad when I would bend down I could hardly straighten up. My sister was sick in bed for two months and doctored, but did not get any relief. She saw an advertisement of your medicine and tried it and got better. She told me what it had done for her and when I had taken only two bottles of Lydia E. Pinkham's Vegetable Compound my head began to feel better. I continued its use and now I don't have any of those troubles."—MRS. L. J. HANNAN, R. F. D. 1, Anamosa, Iowa.—Advt.

QUICK WAY TO REGAIN STRENGTH

Wonderful New Tonic Works Wonders Almost Overnight.

The length of time required to strengthen most people who are run down, tired, lacking in vitality and energy has, we believe, been greatly exaggerated.

This has been most effectively proved in the cases of the thousands upon thousands of people who have taken malted-milk—the wonderful new tonic. Almost from the very first glass you begin to feel stronger and healthier. A warm glow passes through your system, every tissue and organ of the body seems to have been revived, rejuvenated, and stirred to action. The reason for this is that malted-milk contains iron and hygienic elements, together with other well-known reconvalescent and nutritive elements, which enable it to do its good work almost instantly.

Malted-milk aids digestion and assimilation, tones and strengthens the throat, lungs, nerves and organs of the body—creates a healthy appetite—purifies the blood—and ridges the worn-out tissues.

Try malted-milk for a week or two and see how much good it will do you. Go to your druggist, take home a bottle, and if after you have used it you do not feel twice as good as you did before, take the empty bottle back and get every penny of your money back. Test out this clipping now to remind you.—Advt.

Just One Application and the Hairs Vanish

(Toilet Talk)

Any woman can keep her skin free from unsightly hair or fuzz if she will follow these simple instructions: When hairy growth appears, apply a simple paste, made by mixing some water with powdered delatone. Apply this to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real delatone.—Advt.

NUXATED IRON

Increases strength of delicate nervous run-down people and per cent. in ten days in many instances. 100c. FORFEIT. It can easily be obtained from any good druggist.

PLAN FOR BIG NAVY MAY BE REJECTED BY COMMITTEE

Daniels' Five-Year Scheme Thrown Out and a One-Year Programme Adopted.

WASHINGTON, May 17.—Defeat of the five-year building programme for the Navy, advocated by Secretary Daniels and incorporated in the original Navy bill, seems certain when the House Navy Committee meets tomorrow to vote on the building programme. This was conceded to-day by Democratic members of the Com-

mittee. A one-year programme, more extensive than provided in the Secretary's recommendations, will be substituted, it is said.

Adoption of the General Board's recommendations on first line ships, with a compromise on the number of auxiliary vessels and submarines, is expected to be recommended by the committee. The board recommended a programme that would place the navy second in the list of world fleets within five years. This differed materially with the recommendations of the Secretary.

To place the navy in second place the board recommended the construction in five years of six dreadnoughts, 10 battle cruisers, 21 scout ships, 20 destroyers, 9 fleet submarines and 75 coast submarines.

The one year programme which the committee is expected to recommend will be: Three dreadnoughts, three battle cruisers, fifteen destroyers, six fleet submarines, twenty-five coast submarines, five scout cruisers, \$2,000,000 for aviation.

New Superintendent at West Point.
WASHINGTON, May 17.—Col. John Biddle of the Engineer Corps, now

stationed at Baltimore, has been appointed Superintendent of the West Point Military Academy to succeed Col. Clarence F. Townsley. The change will take effect July 1, when Col. Townsley, having finished his term at the academy, will return to his regiment.
